

William Lloyd Evans Laboratory of Chemistry

Herrick Archives Number 150

A. IDENTIFICATION & LOCATION

1. Name

1.1 Officially named William Lloyd Evans Laboratory of Chemistry by Board of Trustees on July 10, 1959.

1.2 Alternate names noted:

1.2.1 Built as "Addition to Chemistry Building."

1.2.2 First addition built as "Chemistry Research Facilities."

1.2.3 The second addition, which is completely underground, was built as "Van de Graaff addition to Evans Laboratory," or "Pulsed Van de Graaff Accelerator Facility."

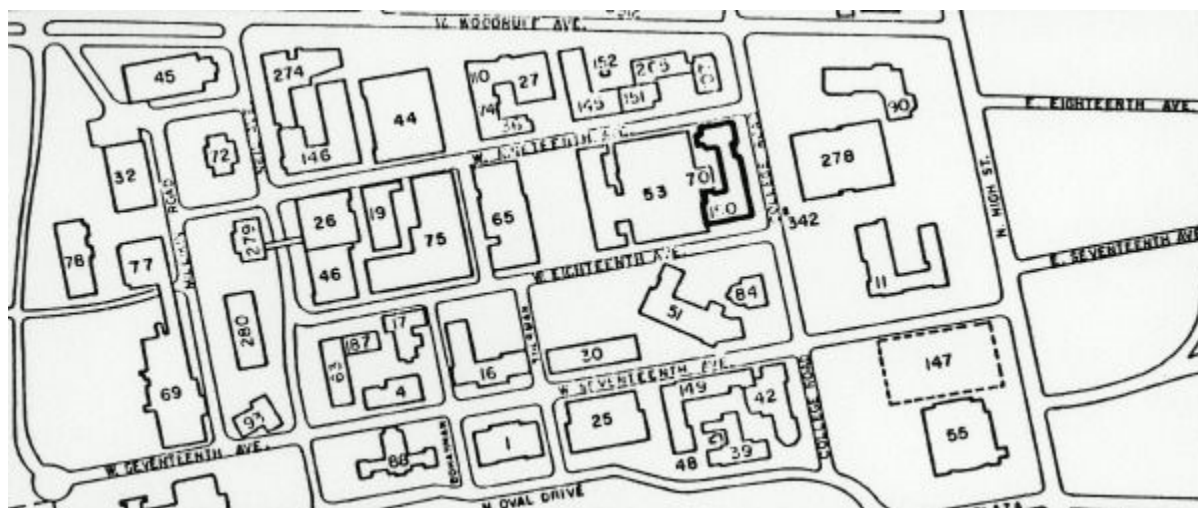

[See Addendum No. 2, 4]

2. Location

2.1 Located at 88 West 18th Avenue. See map below.

[See Addendum No. 1]

2.2 For greater detail, see Sheets 84 and 85 in tile book of campus maps in the University Archives.

For identification of other buildings shown, see Appendix A.

3. General Description

3.1 Type of construction:

Reinforced concrete frame with brick exterior.

3.2 No. of stories:

Basement and 5 stories.

3.3 Increments of construction:

Two additions, one of which was underground. See sketch.

[See Addendum No. 3]

3.4 Present area of building as shown in inventory records of Division of Campus Planning:

119,815 sq. ft. gross; 70,802 sq. ft. net assignable

[See Addendum No. 3]

B. PLANNING & CONSTRUCTION - 1st ADDITION

1. March 11, 1965 the Board of Trustees approved the plans and related documents prepared by Benham, Richards, and Armstrong and authorized the solicitation of bids by contractors.
2. Bids were received on June 4, 1965 (T).

3. On June 10, 1965 the Board of Trustees awarded contracts to the following contractors:

General: Robert Setterlin and Sons Co.

Electrical: Mid-City Electric Co.

Heating, ventilating, and air conditioning: Kuempel Co.

Plumbing: To be re-bid

Laboratory equipment: Hamilton Manufacturing Co.

4. On July 8, 1965 the Board of Trustees rescinded its action of June 10, 1965 and awarded contract as follows:

4.1 Re-awarded the general and electrical contracts to same contractors without change.

4.2 Re-awarded the electrical and the heating, ventilating, and air conditioning contracts to the same contractors with small additions for alternates not previously taken.

4.3 Awarded the plumbing contract to the Duckworth Heating and Plumbing Company on the basis of new bids received on June 16, 1965.

5. Completion and occupancy:

5.1 An inspection report in the University Architect's files dated June 9, 1967 indicates that all of the contracts were completed as of May 11, 1967, except that the equipment contract was only 90% done as of the latter date.

5.2 The University Architect released the first four floors for assignment by Campus Planning on June 14, 1967, and the basement on August 14, 1967 (P). No release notice has been found for the 5th floor, all of which is devoted to mechanical equipment. Therefore, it can be concluded that all of the academic space was ready for beneficial occupancy by August 15, 1967.

C. PLANNING & CONSTRUCTION - VAN DE GRAAFF ADDITION

1. On June 10, 1965 the Board of Trustees approved the plans and related documents prepared by Benham, Richards, and Armstrong and authorized the solicitation of bids by contractors.

2. Bids were received on June 16, 1965 (T).

3. On July 8, 1965 the Board of Trustees awarded contracts to the following contractors:

General: Robert W. Setterlin and Sons

Electrical: McCarty Bros. Electric Co.

Plumbing, and air conditioning: Kuempel Co.

4. Completion and occupancy:

Campus Planning assigned the space for use on December 21, 1965 (p).

D. COST

Carried at \$3,277,089.59 since June 30, 1970 (B).

August 8, 1977

ADDENDUM NO. 2

Inspection of old campus maps reveals the following additional names for this building:

Chemistry Addition

Evans Chemistry Lab

Evans Lab

Evans Chemical Lab

John H. Herrick
November 13, 1979

ADDENDUM NO. 3

In 1984 an addition to this building was erected to house air conditioning equipment. The location of this addition is shown as Part D on the following sketch.

The addition is two stories high (ground floor and first floor), is of concrete block construction faced with brick, and encloses a space about 18 ft. wide and 43 ft. long. The revised areas of the entire building, as now shown on records in the Office of Campus Planning, are:

120,179 sq. ft. gross; 65,638 sq. ft. net assignable

The addition was constructed by the Righter Co., general contractors. Construction started in late 1983 and was completed in the spring of 1984. (PP)

This building is shown in Photograph X 30162 in Photo Archives.
